Computational Science Ventures

an event exploring the frontier where computation and science meet entrepreneurship and opportunity

Thursday, Jan. 23
9 am – noon
Maxwell Dworkin G115, 33 Oxford Street

Cyber-Physical Systems

Marija Ilic
Carnegie Mellon University
Smart Grids: End-to-End Cyber-Physical Electric Energy Systems

Ted Morgan
Skyhook
Building New Markets: The Story of Skyhook

Sokwoo Rhee
Presidential Innovation Fellow
The SmartAmerica Challenge and the Internet of Things

moderator
Alexander Wissner-Gross
Institute Fellow IACS
